

DESCRIPTION AND FEATURES

MaxLaticecs 10 PF disposable gloves are made of natural latex without powder, specially designed to provide maximum protection in demanding environments. Their superior thickness ensures exceptional puncture resistance, making them an ideal choice for tasks requiring increased protection. Suitable for medical, therapeutic, and industrial applications.

- Made from natural latex without powder.
- Micro-textured surface at the fingertips.
- High resistance for a high level of safety.
- Ambidextrous.
- AQL 1.5 for consistent quality.
- Shelf life: 5 years.
